EDIFIER

e3350BT
Multimedia Speaker

Driver operational life:
Bass: 1000h
Tweeter: 1000h
Midrange: 1000h
High: 1000h

Power:
Max: 100W
RMS: 50W
SPL: 100dB

Frequency response:
20Hz-20KHz

Impedance:
16Ω

Dimensions:
170x130x130mm

Weight:
1.5kg

NOTE:
Due to the need for better equipment and system upgrade, Edifier cannot guarantee that the product will be subject to change.
Pictures of Edifier will be discontinued for different applications. Pictures and illustrations shown on this manual may be slightly different from actual products. It is recommended to check the actual products provided.

Dear user! Manual of Edifier® (Manual de usuario) (Bedienungsanleitung) (Manuale dell'utente)

Important safety instruction

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

Read the instructions carefully before using this product. This manual contains important information on safety and correct use of the product. Please read this manual carefully before using the product. It is recommended to check the actual products provided.

The following text will contain important information on safety and correct use of the product. Please read this manual carefully before using the product. It is recommended to check the actual products provided.

Unpack the Box & Connectivity

Bea contents:

Power adapter (with indicator)
Bass driver
Tweeter
Midrange driver
High driver
Power adapter
Rear panel
Front panel
Cable ties
Screws

Connectivity:

- Connect the satellite speaker cable to the "Center" or "Surround" port on the subwoofer.
- Connect the speaker plug to the 50W connector (50W) on the back of the subwoofer.
- Connect the speaker plug to the 50W connector (50W) on the back of the subwoofer.
- Connect the speaker plug to the 50W connector (50W) on the back of the subwoofer.
- Adjust the master volume and the master tone on the back of the subwoofer to a comfortable level.

Consignes de sécurité importantes

AVERTISSEMENT: Afin de réduire les risques d'incendie ou de choc électrique, ne pas exposer cet appareil à la pluie ou à l'humidité.

Lire attentivement les instructions avant d'utiliser ce produit. Ce manuel contient des informations importantes sur la sécurité et l'utilisation correcte du produit. Il est recommandé de vérifier les produits réels fournis.

Le texte ci-dessous contient des informations importantes sur la sécurité et l'utilisation correcte du produit. Il est recommandé de vérifier les produits réels fournis.

Déballage et connectivité

Contenu de l'emballage:

Amplificateur principal
Câble de connexion satellite
Câble de connexion 50W
Câble de connexion 50W
Câble de connexion 50W

Connectivité:

- Brancher le câble de haut-parleur satellite sur la prise "Center" ou "Surround" sur le panneau arrière du caisson de basse.
- Brancher le connecteur à 50W sur le connecteur (50W) sur l'arrière du caisson de basse.
- Brancher le connecteur à 50W sur le connecteur (50W) sur l'arrière du caisson de basse.
- Brancher le connecteur à 50W sur le connecteur (50W) sur l'arrière du caisson de basse.
- Ajuster le volume maître et le ton maître sur l'arrière du caisson de basse à un niveau confortable.

Instrucciones de seguridad importantes

ADVERTENCIA: Para reducir el riesgo de fuego o descarga eléctrica, no exponga este aparato a la lluvia o a humedad.

Lea atentamente las instrucciones antes de utilizar este producto. Este manual contiene información importante sobre la seguridad y el uso correcto del producto. Se recomienda verificar los productos reales suministrados.

Desembalaje de la Caja & Conexiones

Contenido de la Caja:

Amplificador principal
Cable de conexión satélite
Cable de conexión 50W
Cable de conexión 50W
Cable de conexión 50W

Conexiones:

- Conectar el cable del altavoz satélite a la parte "Center" o "Surround" de la parte posterior del subwoofer.
- Conectar el conector de 50W a la toma de conexión (50W) en la parte posterior del subwoofer.
- Conectar el conector de 50W a la toma de conexión (50W) en la parte posterior del subwoofer.
- Conectar el conector de 50W a la toma de conexión (50W) en la parte posterior del subwoofer.
- Ajustar el volumen maestro y el tono maestro en la parte posterior del subwoofer a un nivel cómodo.

Wichtige Sicherheitshinweise

WARNUNG: Um das Risiko von Feuer oder Stromschlag zu vermeiden, dieses Gerät niemals Regen oder Feuchtigkeit aussetzen.

Lesen Sie die Bedienungsanleitung vor dem Gebrauch dieses Produkts. Dieses Handbuch enthält wichtige Informationen zur Sicherheit und zur richtigen Verwendung des Produkts. Es wird empfohlen, die tatsächlichen bereitgestellten Produkte zu überprüfen.

Der folgende Text enthält wichtige Informationen zur Sicherheit und zur richtigen Verwendung des Produkts. Es wird empfohlen, die tatsächlichen bereitgestellten Produkte zu überprüfen.

Verpackungsinhalt & Anschlussdiagramm

Packungsinhalt:

Power Adapter (with Indicator)
Bass Driver
Tweeter
Midrange Driver
High Driver
Power Adapter
Rear Panel
Front Panel
Cable Ties
Screws

Anschlussdiagramm:

- Verbinden Sie das Lautsprecherkabel mit dem "Center" oder "Surround" Anschluss auf der Rückseite des Subwoofer.
- Verbinden Sie den 50W-Stecker mit dem 50W-Anschluss (50W) auf der Rückseite des Subwoofer.
- Verbinden Sie den 50W-Stecker mit dem 50W-Anschluss (50W) auf der Rückseite des Subwoofer.
- Verbinden Sie den 50W-Stecker mit dem 50W-Anschluss (50W) auf der Rückseite des Subwoofer.
- Stellen Sie das Master-Volumen und den Master-Ton auf der Rückseite des Subwoofer auf einen angenehmen Lautstärkepegel ein.

Importanti istruzioni di sicurezza

ATTENZIONE: Per ridurre il rischio di incendio o di elettrocuzione, non esporre l'apparecchio a pioggia e umidità.

Leggere attentamente le istruzioni prima di utilizzare questo prodotto. Questo manuale contiene informazioni importanti sulla sicurezza e sull'uso corretto del prodotto. Si consiglia di verificare i prodotti effettivamente forniti.

Il testo seguente conterrà informazioni importanti sulla sicurezza e sull'uso corretto del prodotto. Si consiglia di verificare i prodotti effettivamente forniti.

Disimballaggio scatola e connettività

Contenuto scatola:

Altoparlante centrale
Altoparlante per basse frequenze
Altoparlante per alte frequenze
Altoparlante per medie frequenze
Altoparlante per alte frequenze
Adattatore di alimentazione
Pannello posteriore
Pannello anteriore
Cable di collegamento satellite
Cable di collegamento 50W
Cable di collegamento 50W

Connettività:

- Collegare il cavo altoparlante satellite alla presa "Center" o "Surround" sulla parte posteriore del subwoofer.
- Collegare il connettore a 50W al connettore (50W) sulla parte posteriore del subwoofer.
- Collegare il connettore a 50W al connettore (50W) sulla parte posteriore del subwoofer.
- Collegare il connettore a 50W al connettore (50W) sulla parte posteriore del subwoofer.
- Regolare il volume master e il tono master sulla parte posteriore del subwoofer a un livello confortevole.

Illustration

- Base adjuster
- Base stabilizer
- Line
- Speaker input
- 5.0V DC
- Master volume control
- Light bar (on and off)
- Headphone input
- 5.0mm stereo jack input
- Head stabilizer connector

Bluetooth

Bluetooth connectivity

- Turn on Bluetooth-enabled devices (computer, mobile phone, tablet, etc.) to search for and select the "Edifier E3350".
- When the connection is made, the light indicator located on the top of the subwoofer will glow and the wired connection will change to blue.
- Play your music.
- Disconnect music device from the "Edifier E3350" when changing to a new input source.

Troubleshooting

- When using audio input from the front and making calls on your Bluetooth-enabled device and the audio output is weak, try the E3350 on a different device.
- Push the subwoofer light on the back on and make sure the control panel on the back is fully lit up and your Bluetooth-enabled device is in range of the "Edifier E3350". Please disconnect and reconnect the Bluetooth on your Bluetooth-enabled device.

Important notes:

- The effective range is 10m.
- Use the PC mode for connection to "USB" if required.

Illustration

- Regulatore base
- Stabilizzatore base
- Linea
- Ingresso altoparlante
- 5.0V DC
- Controllo volume master
- Barra luminosa (accensione/spegnimento)
- Ingresso cuffia
- Jack stereo 5.0mm
- Connettore stabilizzatore testa

Figura

Bluetooth

Connettività Bluetooth

- Attivare il Bluetooth sui dispositivi abilitati (computer, telefono mobile, tablet, ecc.) per cercare e selezionare il dispositivo "Edifier E3350".
- Quando viene stabilita la connessione, l'indicatore luminoso sulla parte superiore del subwoofer cambierà colore e il collegamento Bluetooth cambierà da nero a blu.
- Reproduire de la musique.
- Déconnecter l'appareil de musique de l'"Edifier E3350" lorsque vous changez de source d'entrée.

Résolution des problèmes

- Quand vous utilisez une entrée audio sur votre appareil Bluetooth et que le son est faible, essayez l'E3350 sur un autre appareil.
- Appuyez sur le bouton lumineux sur l'arrière du subwoofer et vérifiez que le panneau de commande sur l'arrière est complètement allumé et que votre appareil Bluetooth est à portée de l'"Edifier E3350". Veuillez déconnecter et reconnecter le Bluetooth sur votre appareil Bluetooth.

Notes:

- La portée effective est de 10 m.
- Utilisez le mode PC pour la connexion à "USB" si nécessaire.

Specifications

Power output	RL: 100W (RMS) + 2 (DIN) + 100W (RMS) / 50W (DIN) (DIN) + 100W (RMS) + 100W (RMS)
